

# \*New\* 2565

-  Medium late maturity—Beards
-  Excellent yielding with standability
-  Med plant height with great test weight
-  Awesome eye appeal / very healthy plant
-  Wide tillering for wide rows
-  Big fat heads—can bump pops
-  Plant on any soil type
-  Great disease package—minimal fungicide application

## Disease Resistance

|                     |   |
|---------------------|---|
| Barley Yellow Dwarf | 3 |
| Powdery Mildew      | 1 |
| Leaf Rust           | 2 |
| Septoria            | 3 |
| Head Scab           | 1 |
| Stripe Rust         | 1 |
| Soil Borne Mosaic   | 1 |

## Agronomics

|              |   |
|--------------|---|
| Standability | 1 |
| Test Weight  | 1 |

## Characteristics

|                           |          |
|---------------------------|----------|
| Maturity                  | Med-Late |
| Plant Height              | Medium   |
| Tillering                 | 1        |
| Awns                      | Yes      |
| Preferred Milling Variety | No       |

## Management Recommendations

|                  |   |
|------------------|---|
| Yield Potential  | 1 |
| Fall Growth      | 1 |
| Winter Hardiness | 1 |

Ratings: Excellent 1-2, Very Good 3-4, Good 3-4, Fair 7-8, Poor 9
